

# Find Out How Much Money You Could Be Saving

Utilizing an “Energy Mortgage” will result in lowering home operating costs by 20% to 50% percent annually. This can mean up to several hundred dollars per month in reduced energy cost to homeowners that use this phenomenal program. It **costs you nothing** to find out how much you can save and put back into your pocket each month. 70% of all existing homes qualify for these Energy Efficient Mortgages.

With your authorization – we will perform an energy audit on your premises or the house you are purchasing/living in. We will have certified energy auditors performing the audit so you can rest assured that the analysis will be accurate. Based on your **free** analysis, you will only proceed with this new or refinance energy mortgage if there is money you will **save** every month once the improvement recommendations are implemented. The best part is it **doesn’t cost** you anything to find out how much more money could be in your pocket each month.

## Advantages with this program:

1. Enjoy a much more comfortable home
2. Add value to your home instead of pulling equity out
3. Save hundreds if not thousands of dollars on your homes operating cost
4. Helps Americas’ energy crisis by addressing energy consumption
5. Positive monthly cash flow in your pocket
6. Allows you to take advantage of tax credits and rebate programs
7. No out of pocket costs to make the improvements
8. Certified auditors and contractors will do the analysis and improvements

This is not a mortgage application, just permission to perform the home energy audit for any potential energy savings and an analysis of your utility bills. By signing this form you are not agreeing to PAY FOR anything, just agreeing that you will request your utility bill usage history and if you qualify for this program you will also allow BSA access to your home for a home performance energy audit analysis. If you wish to find out what advantages you could receive from this program, please sign below and your loan officer will submit the request for a home energy rating on your behalf with **no obligation to you**.

Yes, I would like a home energy audit: \_\_\_\_\_ No, I am not interested: \_\_\_\_\_

Signature: \_\_\_\_\_ Printed Name: \_\_\_\_\_
